

Don't Come Back

**You walk out your front door
And say that you fall in love
That ain't the best way to score
That's for sure.**

**You ought to know
That ain't allowed anymore
Watch where you lay down baby
Cos that stuff doesn't pay
Better still just don't come back at all**

**You go downtown
To a rock'n'roll show, alright,
You seem to think that it's cool
To stay out all night**

**You outta know
I wouldn't do that to you
I don't wanna know where you've been
So don't come back today
Better still just don't come back at all.**

**So you go downtown
To a rock'n'roll show, alright,
You seem to think that it's cool
To stay out all night**
