

**Looking for a Reason**

**Looking for a reason**

**And I don't why**

**I just feel so good inside**

**When I catch your eye**

**Because I want you baby**

**And there is no reason why.**

**Looking for a reason**

**Looking for someone**

**Then I think I see something**

**In your eyes and so**

**I want you babe**

**And the reason's plain enough.**

**Tell me**

**Are you looking for a reason?**

**Are you looking for someone?**

**Everybody's looking for a reason**

**Everybody's looking for someone.**
