

Warrior

**I'm leaving to search for something new
Leaving everything I ever knew
A hundred years in the sunshine
Hasn't taught me all there is to know.**

**The valley, we will gather there
Helpless, in our surrender
Tomorrow the plough becomes the sword
Make us stronger in our danger.**

**Time will pass away
Time will guard our secret
I'll return again
To fight another day.**

**I'll have to be a warrior
A slave I couldn't be
A soldier and a conqueror
Fighting to be free.**
