

Walk on Water

**Now Susie's old man says, I will get a job if I can,
But I'm I proud man,
And there's no one who's willing to pay for what I am.
But the rent has to be paid,
And day after day we go deeper in debt
The child has her school
And she can't stick to rules that she does not have**

**She says – "I can't walk on water too well,
I'm sinking in the real world
I can't walk on water too well
Everybody sells themselves, why don't you do the same ?"**

**Her car is broken, and she's tired of towing the line for you
You have your religion,
but does that prevent you from listening to ?
You say you love her,
but she can't love someone she does not respect
The psychology is, you want somethin' bad, you have to go get.**

**She says – "I can't walk on water too well,
I'm sinking in the real world**

I can't walk on water too well

Everybody sells themselves, why don't you do the same ?"

He never thought that she would give up and move on,

He tried so hard to convince her that his love was strong.

She says – "I can't walk on water too well,

I'm sinking in the real world

I can't walk on water too well

Everybody sells themselves, why don't you do the same ?"
