

Midnight Dancer

Will you be my midnight dancer any time of the day ?

You can be my sweet romancer - I wanna hear you say

When love's between us, don't turn away, don't let go.

Love makes the music, you can't stop the feelin',

Freewheel, stealin' your heart away

Stealin' your heart away

Love makes the music and you know it's the feelin'

Freewheel stealin' your heart away.

I wanna steal your heart away.

I'm tired of being a sleepwalker on the run,

I wanna be your love talker in the night sun

When love's between us, don't turn away, don't let go.

Love makes the music, and you can't stop the feelin'

Freewheel stealin' your heart away

Gonna steal your heart away.

Now we can put our hearts together with nothin' to hide

Baby, it could last forever put your fortunes aside

When love's between us,

Come on baby don't turn away, don't let go.

Love makes the music, you can't stop the feelin'

Freewheel stealin' your heart away.

I want to steal your heart away.
