

Bolan's Mounument

**It's the deep of night –
I get up, get out of bed
Drive that road,
Like I've done a thousand times before**

**Don't know where I go
In the still cold misty light
Walk a lonely path
Where the river flows.**

**Message reads clear –
"Why did you leave us?"
Now I know why I'm here
Strange, what can heal us
Bolan's monument
Give me strength to walk on**

**Now I'm face to face
With my "bush soul"
There's a stagnant pool
But he rise up with grace and perfection
And once again
They guide me through
I may be naked
But I've got direction.**

**Message reads clear –
"Why did you leave us?"
Now I know why I'm here
Strange, what can heal us
Bolan's monument
Give me strength to walk on**
