

Mother of Pearl

Underworld, the Queen of pearls

Catches the light that's in your eyes.

She has desires, and has to get higher,

Trying to love the whole wide world.

Mother of pearl, she's a charity girl,

Giving herself away, to some body and soul.

Paradise if you pay the price

Inlaid with love, she satisfies.

She has to prey alone everyday,

Lying in wait for the whole wide world.

Mother of pearl she's a charity girl,

Giving herself away, to some body and soul.

Black see-through

Dressed to kill and cast her spell,

Sequins of fire for her love's desire,

She's drifting away from her open shell.

Mother of pearl, she's a charity girl,

Giving herself away, to some body and soul.
