

## **Say Goodbye**

**I can tell that you don't feel good**

**I guess you're not alone**

**Now that you've packed your things**

**And you're ready to go**

**Let's do something tonight I don't know.**

**We can take a ride across town**

**Come on, baby, get your clothes on**

**All night long, we'll be so high**

**That's the way we'll say goodbye.**

**What's the name of the old cafe**

**Where we used to go?**

**It could be good to go there now**

**But I don't want to be unhappy today.**

**We can take a ride across town**

**Come on, baby, get your clothes on.**

**All night long, we'll be so high**

**That's the way we'll say goodbye.**
