

Where were you tomorrow

Well, I loved ten thousand miles

Till I came to you

Well, I loved ten thousand miles

Till I came to you, yeah you

Well, I'm leaving you baby

Gotta leave here too.

Well you can't tie me down

With that plastic chain

You can't tie me down

With that plastic chain

Well I'm leaving you baby

Well I'll see you again.

I said bye bye baby bye bye.
