

## **Vapour Trail**

**The world looks fine from up above**

**A ball of life once borne of love**

**Tears fall in fireglow**

**And so must we go**

**Take my hand, believe**

**A future made for you and me**

**Take my hand until**

**Our dreams we can fulfil**

**A guiding wind to fill my sail**

**Lives left behind they tell a tale**

**As children's eyes glow**

**New life springs new hope**

**Come with me**

**We will leave**

**A vapour trail**
