

Insomnia

**When you've done something wrong and karma has come
To settle a score with you
The snake in you is crawling
Pinned to the ground,
Eyes open wide and blue.**

Insomnia

Closer but no closer.

**The night you were laid - when you had it made
When everything fell into place
Higher and higher too fast to miss a beat
Body and bones as well**

Insomnia

Burning like a hell.

**Where does it come from where does it go ?
Flowing over your skin
Walking and talking, dancing 'till dawn
When you just can't give in, to**

Insomnia

Waiting to get you

Waiting to, waiting to get you

Don't let it

Don't let it get you.
