

Moonshine

**Feeling light-headed
As I caught her eye,
She was inviting
As I passed her by.**

**Loosing all freedom,
I fell to the ground.
She took me home later
And made me see why.**

**When you look through a haze,
And you're out on a line,
You just can't satisfy
When you're down on that moonshine.**

**Held back
My temptation,
Trying to please her,
But still I could not stand.**

**As morning was dawning,
The feeling returned
As I lay alone with
The lesson I learned.**

**When you look through a haze,
And you're out on a line,
You just can't satisfy
When you're down on that moonshine.**
